- Cleaning of furniture
- Glass cleaning in buildings and premises
- Cleaning techniques and procedures with machinery

Co-funded by the  
Erasmus+ Programme  
of the European Union

GRUP  
  
fundació Ramon Noguera

# Conclusions

EQUALvet

## Material and content

- Manuals followed at all times and delivered to all the participants
- Appropriate content
- Complemented with PPT, videos, images

## Difficulties encountered

- More practical activities outside the center were missed
- Visits were also missed in companies in the sector, due to the pandemic only 1 visit could be made in a company.

## Positive aspects

- Right organization (4 hours a day)
- 2 trainers participated in the sessions
- Classroom and computer equipment helped
- Participants were open and motivated
